

Paradise Valley Hosts Inaugural Shred-It Event

The Paradise Valley Police Department and the Northeast Valley Coalition Against Methamphetamine will join forces for the Town of Paradise Valley's inaugural Shred-It event.

The event will be held on Saturday, January 26 from 8:00 a.m. to noon. There will be officers on hand to assist with the shredding and to answer questions about identity theft.

Identity theft continues to be a major concern of citizens in Paradise Valley as well as the Phoenix metropolitan area. According to the Federal Trade Commission, identity theft impacts at least 9 million people each year. As this problem has continued to grow, so have the efforts to prevent such thefts.

This event will allow Arizonans the opportunity to shred up to four boxes of personal documents at no charge. Box size should be no larger than a box that would hold reams of computer paper. Due to the anticipated high level of involvement, this service is a first come first serve basis.
